LAKAI LIMITED FOOTWEAR  
FALL 2017

# SHEFFIELD

NEW  
STYLE!

LUX-LITE

ADVERTISED  
STYLE

The Sheffield is our newest model based off of heritage Manchester. Its vulcanized construction, bold branding, and clean lines give it a classic Lakai feel. Meanwhile its newly added reflective perforation pattern and breathable mesh window make it stand out in the line. The Sheffield's ability to lend itself to a wide range of colors and materials make it an instant classic Lakai silhouette.

BLUE SUEDE

PINK SUEDE

GREY SUEDE

BLACK SUEDE

# FREMONT

The Fremont's technology-packed silhouette takes Lakai's XLK™ cupsole technology to a new standard. Utilizing technology found in running footwear, this two-piece outsole consists of skate-grade rubber and a compression molded foam cage midsole. The upper has an easy slip-on four-way stretch collar and LUX-LITE™ sockliner for additional comfort and support. The Fremont concentrates on performance and comfort without having to sacrifice style.

RED SUEDE

GREY SUEDE

BLACK SUEDE

# GRIFFIN XLK

The Griffin XLK™ takes our popular vulcanized silhouette, the Griffin, and places it on our fine-tuned XLK™ cupsole. For skaters that require extra support, the Griffin XLK™ offers increased protection and durability with an athletic look that sets it apart from traditional cupsole styles on the shelf.

BRICK SUEDE

BLACK/WHITE SUEDE

STEVE PEREZ PRO MODEL

# FLACO

CO-BOUND  
LUX-LITE

Like Stevie's skating, his debut pro model, the Flaco, was designed with style and ability in mind. This silhouette can withstand heavy amounts of skating due to its CO-BOUND™ rubber-backed suede ollie area, while its subtle branding and unique toe box give it a clean look on and off the board. Featuring a LUXLITE™ sock liner for extra comfort, a mesh tongue for extra breathability, and a vulcanized sole for maximum board feel. The Flaco is truly a shoe equipped for skateboarding.

NEW  
STYLE!

STEVE PEREZ PRO MODEL

# FLACO HIGH

A classic update to Stevie Perez' inaugural model, the Flaco High brings added heel and ankle support to the timeless silhouette. The Flaco High has also been updated with a printed flare along the heel which provides subtle branding while maintaining its classy look. Stocked with a LUXLITE™ sock liner for prolonged comfort, CO-BOUND™ rubber-backed suede ollie area, and a breathable mesh window on the tongue. This design is ready for long days of city pushing and long nights out with friends.

BLACK SUEDE

WHITE SUEDE

# GIRL X GRIFFIN

This season Girl and Lakai have come together to collaborate on a special edition of our ever popular Griffin. Drawing inspiration from colors synonymous with Girl's video legacy, this silhouette has been given a green-screened colorway reminiscent of their infamous 'Invisible Boards' skit. Featuring an updated ollie panel, embossed 'Girl' branding along the heel, and a midcentury motif throughout the footbed. Girl's special edition Griffin brings a great feeling of nostalgia, and is more skate-able than ever.

BLACK/GREY SUEDE

GREEN SUEDE

# GRIFFIN

The Griffin has quickly become a cornerstone of Lakai's arsenal of skateboarding footwear. Its well defined branding and seamless toe box give it an appealingly clean look. The Griffin also features a hidden midsole which adds an additional layer of shock absorption, while its unique tongue branding gives it the finishing detail. All of these factors play into the reason the Griffin has quickly become a team and public favorite.

PORT CANVAS

# DALY

Our most understated model, the Daly, is synonymous with subtlety. The lightly padded, highly skate-able upper is affixed to our most popular outsole, resulting in a design that is a comfortable on the board as it is off. Its two-piece foxing tape construction gives the rider added support, while simultaneously giving the shoe an extra bit of stylish detail. The Daly's straight forward design works well with the widest range of materials, allowing it to have some of our most diverse color palettes in the line.

PHANTOM SUEDE

DENIM TEXTILE

BLACK/BLACK NUBUCK

LUX-LITE

RILEY HAWK

The Riley brings together two of his favorite silhouettes, the Owen and the Daly, into a hybrid as his namesake design. Riley's signature style features an extended single piece toe that prevents lace and seam blowouts, as well as a microsuede lining, and LUXLITE™ sock liner to provide maximum comfort. The perforated detail along the collar draws inspiration from vintage motorcycle seats, and a minimally printed flare gives the shoe an appropriate amount of branding whether you're out skating, or ending the night at your local dive.

LUX-LITE

## ELLIS

The Ellis draws inspiration from classic court shoes, featuring a perfect blend of style and function. Skateboarders have shown a fondness of court sneakers for decades, and this silhouette is no different. Simple, stylish lines along with well-defined branding make this team shoe an instant classic. Including a LUXLITE™ sock liner, and CO-BOUND™ rubber-backed suede for extra durability, the Ellis is a cut above your average court classic. The most outstanding feature on this model however is its dual toe bumper, providing extra life while simultaneously making it stand out on the shelf and in the streets.

GREY/WHITE SUEDE

WALNUT SUEDE

## PORTER

The Porter is a classy and simple silhouette, that works well with all material options. The deconstructed upper gives a low-profile look, while its straight-forward design and attention to detail makes it highly skate-able. Utilizing suede in key areas gives the Porter the most bang for its buck, resulting in a skate shoe that leaves your feet and your wallet happy.

# GRIFFIN

## WEATHER TREATED

The Weather Treated Griffin takes our team-favorite silhouette, and transforms it into a shoe that can withstand the elements without sacrificing skate-ability. The upper has been upgraded with water repellent oiled suede, while the internal features of the shoe have been updated with wool and moisture wicking fabric to maintain warmth. It has also been given an upgraded gusseted tongue to prevent debris and water from entering the shoe through the lace eyelets. The Weather Treated Griffin is the perfect shoe for daily wear in climates with light rain and damp conditions.

BLACK/GUM OILED SUEDE

BROWN OILED SUEDE

# GRIFFIN MID

## WEATHER TREATED

**NEW  
STYLE!**

Building on the Weather Treated Griffin, but taking it one step further, we introduce our Weather Treated Griffin Mid. The Griffin Mid takes on the look of a classic work boot, and has been given an upgraded urban hiker outsole for extra traction in slippery conditions. The upper features a weather treated coating to provide extra protection against the elements, while the interior of the shoe features moisture wicking material along with a plush sherpa lining to maintain warmth. The added top speed lacing eyelet allow the multi-colored boot laces to be cinched quickly, and the welded Flare logo and textured rubber toe give the Weather Treated Griffin Mid its finishing touches. This all weather boot will keep your feet warm and dry in harsh conditions.

BLACK LEATHER

HONEY NUBUCK

# KIDS

RED SUEDE

GREY SUEDE

BLACK SUEDE

The Griffin has been miniaturized for our youngest skateboarders without sacrificing durability or functionality. Its clean toe box gives the shoe its signature look, while its shock absorbing hidden midsole keep the feet safe. The kids Griffin has been given a fun color palette along with contrasting flares, making them easily wearable for both boys and girls.
